Sandip S. Bhosale

Senior Product Designer | AI-Native Product Development | UX Strategy

Pune, Maharashtra, India | bhosale.sandip2@gmail.com | LinkedIn | Website

Professional Summary

Senior Product Designer with 10+ years in product design and 15+ years across design, specializing in enterprise SaaS, complex workflows, and AI-native product development. Developed AI-driven design-to-implementation workflows, delivering functional, testable digital experiences through AI orchestration, hands-on implementation, and engineering collaboration.

Core Skills

AI-Native Product Development: Claude, AI-assisted implementation, functional prototyping, AI workflow orchestration, MCPs, connectors, agents, skills

Product & UX: Product design strategy, interaction design, information architecture, user research, high-fidelity prototyping, complex workflows

Design Systems & Delivery: Design systems, design governance, DesignOps, design-to-development collaboration, design audits, specifications and handoff

Leadership & Collaboration: Stakeholder management, cross-functional collaboration, mentorship, team coordination, roadmap contribution

Tools & Domains: Figma, Figma MCP, Confluence, Jira, enterprise SaaS, DevOps, fintech, B2B platforms, RBAC

Professional Experience

Perforce Software — Senior Product Designer | Pune | Oct 2022 – Present

- Evolved conventional design workflows toward an AI-native product development approach, using Claude, AI-enabled development environments, MCPs, connectors, agents, and skills to connect requirements, design, implementation, and validation.
- Created the first fully functional digital twin, translating product concepts into interactive, testable experiences through AI-assisted implementation and collaboration with engineering.
- Implemented functional, testable product features through AI-driven workflows, taking ownership of AI orchestration and implementation while collaborating with engineers where needed.
- Used an AI-supported audit-and-refine cycle: digital audit agents identify functional failures and visual or component inconsistencies in the digital twin, which are then reviewed and addressed with Claude.
- Connected Zoom AI meeting summaries, meeting-wise Confluence documentation, and Jira epics/tickets to help Claude synthesize requirements, discussion history, and edge cases before implementation.
- Used Figma MCP to provide Claude with design context, and leveraged an engineering-built orchestrator and internal handoff plugin to support specification updates and generate narrative walkthroughs, screenshots, PDFs, and PowerPoint handoff materials.

Nehat Tech Solutions (EnKash) — Senior Product Designer (Founding Designer) | Pune | Jun 2019 – Sep 2022

- Helped move product development from an engineer-led, code-first approach toward a structured, user-centered design lifecycle.
- Designed B2B corporate-card onboarding experiences, simplifying PAN/GST verification into a clearer customer journey.
- Designed experiences for a multi-vertical financial platform, including role-based access control (RBAC) and granular financial tracking.

- Developed and maintained a multi-product design system to improve consistency across product experiences.

Larsen & Toubro Infotech (LTI) — Project Lead (UI/UX) | Pune | Jun 2018 – May 2019

- Managed UI/UX delivery for internal employee-management and chat-banking workflows, coordinating cross-functional teams.
- Provided UX guidance for enterprise applications and partnered with stakeholders to align product experiences with business and usability needs.

Wishpoint (Scandid) — UI/UX Designer | Pune | Jan 2017 – Jun 2018

- Designed interfaces for price-comparison and airport-management applications, addressing data-heavy information and navigation needs.

Earlier Career

UX/UI Designer — Techvisions IT Solutions | Jan 2016 – Dec 2016

Creative Head — Skadas Creative | Oct 2014 – Dec 2015

Senior Graphic Designer — Penatraite | Feb 2014 – Oct 2014

Graphic Designer — Titanium Interactive | Nov 2011 – Jul 2012

Graphic Designer — Animaks | Oct 2009 – Oct 2011

Education & Professional Development

Bachelor of Commerce (B.Com.) — Pune University, 2010

UX/UI Jumpstarter — ImaginXp, Pune
